At your service

15 HOURS OF BATTERY LIFE **NO BREAK IN YOUR JOURNEY**

We have applied power saving technology and modified components as part of efforts to offer ultra-long battery life. One top up means 4 hours of playback. 380mAh charging case provides extra 11 hours of battery life. That's how we keep music never ceasing along your journey!

One top up

4 hr

Total battery life

15 hr

Charging case capacity

380 mAh

BUILT-IN CABLE PORTABLE TO GO

Inventive design for cable. We take the idea of unibody and modify the carry case into a charging kit. Less a cable that's more convenient for you life. Just pull out the cable, whenever and wherever you need to power up.

Unified cable
Portable
and stealth

Positive and
negative pluggable

Extra cables

What a mess!

EASY-TO-USE BUTTONCONTROL

Multi-functional button has been applied on both earbuds. One button can help you use various functions. Easy just like this.

▶ Playback/pause ◀ Skip track backward

📞 Answer/end call ▶ Skip track forward

YOUR PERSONAL VOICE ASSISTANT KNOWING ABOUT YOU THE BEST

The new voice assistant can identify your every word precisely. Triple click MFB to wake up her.

Siri

Google Voice
Assistant

Hi, Siri. Play me Alan Walker's.

Take me to Heathrow Airport..

Hi, Siri. How is the weather today?

Hi, Siri. Wake me up at 6 o'clock.

Xiao Ai, find me my phone.

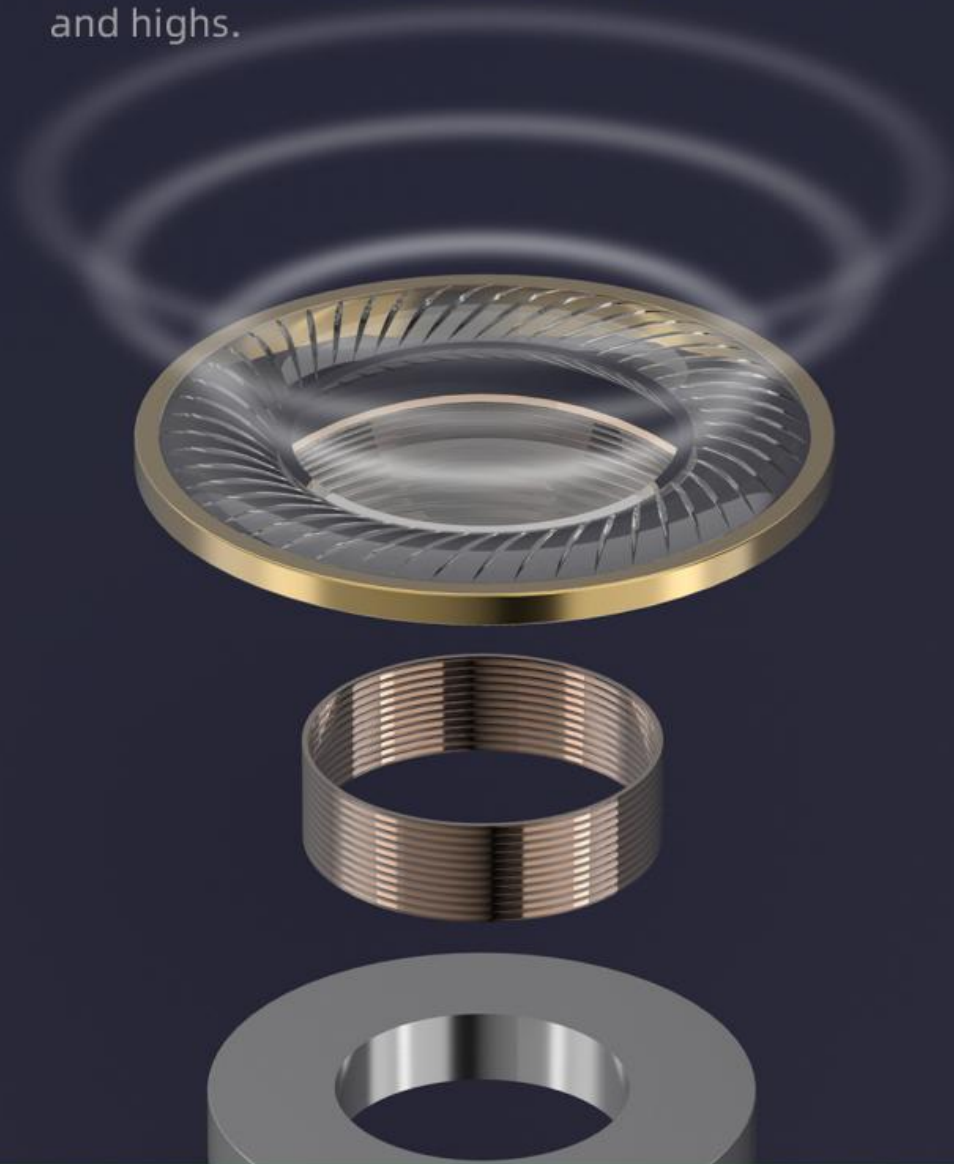

3.7GEARBUD SMALL ENOUGH TO DELIVER STEALTH WEARING

Thanks to the efforts of engineers, Haylou finally builds an amazing compact body for GT2 seeking to deliver stealth wearing experience. We select ABS materials and innovative technology as a way to reduce GT2's weight to 3.7g. Tilt in-ear design also secures comfortable long-listen comfort.

CLEAR TALKING EXCELLENT SOUND QUALITY

Coupled with built-in advanced coding, the new noise cancellation technology can largely reduce sound loss so as to reveal authentic sound. Call as if she is beside you. Thanks to 7.2mm dynamic driver, GT2 is able to provide you with balanced sound among bass, mids and highs.

UNIFIED BODY PURE & PRESTIGIOUS

GT2 inherits minimalist design from Haylou's design philosophy. The new model only keep functions that are necessary. The unified body is more sealed so as to improve the capabilities of dust and water proof. With glossy finish, its dark black housing is prominent in the rest of the world.

Dustproof

Waterproof
