Q & A

Question: How durable is it? Thank you

Answer: Very durable. I not only use it in the cold weather for my dog but I also use it as a rain coat for him. I've had it over a year and it looks and feels brand new. I highly recommend this jacket.
P.S. It looks very cool in the lime green.

Question: Does this coat work with a harness?

Answer: Yes, if the leash clips in the back there is a zipper part you can open. If it is a front clipping harness it would be a little more clumsy.

Fits my 40 lb dalmatian well in Medium. It's lightweight and she can move well in it in the cold weather and helps keep her walks long without her shivering! The zipper on the back is very nice to allow access to her halter to clip the leash and then zip around it.

Style: Loft Jacket | Size: L | Color: Coastal Blue/Orange | **Verified Purchase**

Love it! I have a German shorthair pointer, about 58lb with a 31" chest (approximately, he was very wiggly during measurements). I got the large, it fits him well, maybe just a little bit loose which is ok, and a good length. The material is bright and slick, both colors are beautiful, and a little padding for warmth is perfect. Very easy to put on a wiggly dog.
